Fourth of July passed quietly here as no organized attempt at celebration was made. Many of our people, particularly those who have automobiles, journeyed to Lowell for the centennial or to Barton for the races. Some sought out cool and shady retreats, there to dispose of a picnic dinner. The day was very warm, though a local shower at evening did much to lay the dust and cool the atmosphere.

The school meeting held on Saturday evening, June 29, was very poorly attended, hardly enough voters being present to do business. It seems that general satisfaction with last year's work must be the cause of this apparent lack of interest. Queer way to show it, however. W. A. Dane

was reelected to serve on the board of trustees and a tax of 75 cents was voted. The matter of a playground for the school was referred back to the committee originally appointed to have charge of the matter, which committee had made no progress, with instructions to report at a special school meeting to be held when the special village meeting to settle water rates is held.

Summer colds are hard to get rid of, and frequently lead to asthma, bronchitis, and hay fever. Do not let your cold get a hold on you, but use Foley's Honey and Tar Compound for quick relief. W. H. Contains no opiates. F. D. Pierce.
